Important Information for 2015

This list is for informational purposes only and lists the major changes that have occurred since publication of the last regulations booklet. Individuals should thoroughly read and understand the appropriate regulations prior to submitting an application or going afield. If you have questions, please call (602) 942-3000.

Hunt Permit-Tag Application Schedule The location of this table within the book has moved. You can find the Hunt Permit-tag Application Schedule on page 7.

New Tag Transfer Information The commission may prescribe the manner and conditions of transferring and using permits and tags ... to allow a person to transfer the person's big game permit or tag to a qualified organization for use by a minor child who has a life-threatening medical condition or by a minor child who has a permanent physical disability, or a veteran of the armed forces of the United States who has a service-connected disability, per ARS 17-332. See page 5 for more information.

Soldier's Hunting and Fishing Licenses A member of the armed forces of the United States who is on active duty and stationed in this state for either permanent or temporary duty may purchase a resident license permitting the taking of wildlife, per ARS 17-337. See page 4 for more information.

Juniors = Youth Throughout the regulations, the term Junior has been replaced with Youth.

Paper Correction Period Eliminated Due to decreasing participation in the paper application process and the availability of the online application system that virtually prevents applicants from making application errors, the Commission eliminated the paper correction period starting with the 2014 spring draw. If you use the online system, you are required to pay the application fee as well as any purchased licenses fees at the time of application. Once the draw takes place, and IF you are successfully drawn, the Department will charge the credit or debit card you have on file for the permit fee. If payment fails, the Department will make three attempts within two business days to contact you and notify you that your payment has been declined. You will then be afforded a means of providing alternative payment within a specified timeframe. If the Department has not received an alternate payment at the end of that specified timeframe, applicants will be rejected. No exceptions will be made for individuals who do not respond to the Department's attempts to contact them. Deadline for updating credit or debit card information online is 11:59 p.m. (MST) Sunday, Oct. 26, 2014.

License Information

Who Can Go?

Everyone needs a license to hunt wildlife in Arizona. You need in your possession a valid hunt or combination hunt and fish license, plus any required hunt permit-tags, nonpermit-tags, or stamps. Neither a Short-term Combination Hunting and Fishing License nor an Apprentice Hunting License is valid for big game.

Youth ages 10–17 must purchase a Youth Combination Hunting and Fishing license. The license fee is \$5.

A person under 10 may hunt wildlife other than big game without a license only when accompanied by a properly licensed person 18 years or older. No more than two unlicensed children may accompany any license holder.

No one under the age of 14 may hunt big game without having completed a Hunter Education Course. No one under age 10 may hunt big game in Arizona. To hunt big game, anyone 10 to 13 years of age must have in their possession a valid combination hunt and fish license, a valid Hunter Education Course completion card, plus any required permit-tags or nonpermit-tags.

Where to Buy Licenses

Arizona hunting licenses may be purchased online at www.azgfd.gov. If you purchase a license online, **you must print the license from your home printer**. The Arizona Game and Fish Department will not mail your license to you. Licenses also can be obtained from any license dealer or Arizona Game and Fish Department office (see locations on page 3 of this booklet).

If you are applying for a big game permit-tag or bonus points on a paper application, you may purchase your general hunt (available for residents only) or combination hunt and fish license while you are entering your application for the draw. The license will not be issued and mailed until the draw is complete.

Lifetime License Holders

If a lifetime license holder changes residency status from Arizona, the licensee must then purchase non-resident stamps, tags, and permits. A non-resident tag or stamp can ac-

company your lifetime resident license. If you are a lifetime license holder who has moved out of state, the 10 percent non-resident cap does not apply to you. The lifetime license will remain legal for the taking of all wildlife as permitted by law. Residency may be re-established after moving back to Arizona and meeting the required time period as defined below.

Residency Requirements

“Resident” means a person who is domiciled (claims the state of Arizona as their true, fixed and permanent home and principal residence) in this state for six months immediately preceding the date of application for a license, permit, tag, or stamp and does not claim residency for any purpose in another state or jurisdiction; or is a member of the armed forces of the United States who is on active duty and stationed in this state for either permanent or temporary duty; or is a member of the armed forces of the United States on active duty stationed in another state or country but who lists this state as their home of record at the time of applying for a license, permit, tag, or stamp.

Arizona Residents may purchase a resident license. All other individuals must purchase a non-resident license.

Apprentice License

Resident licensed hunters are able to obtain a free Apprentice Hunting License valid for two days for use when mentoring a new hunter. This affords new hunters the opportunity to “try before you buy,” under the supervision of a licensed hunter.

An apprentice hunting license is valid for two consecutive days when the apprentice is accompanied in the field by a mentor. An apprentice hunting license is valid for the taking of small game, fur-bearing animals, predatory animals, nongame animals, nongame birds, and upland game birds. Any required stamps must be purchased in addition to obtaining an Apprentice License. An apprentice may be a resident or non-resident and may only be licensed pursuant to this paragraph once per calendar year. A mentor must be a domiciled resident of this state who is at least 18 years of age and must possess an annual hunting or combination license or a

complimentary or lifetime license. A mentor may apply for no more than two apprentice hunting licenses per calendar year. When applying for an apprentice license, the mentor must name the person he or she will be taking afield.

High Achievement Scout License

The High Achievement Scout License license is offered to a resident youth who has attained either the rank of Eagle Scout (Boy Scout) or received a Gold Award (Girl Scout). The fee for the reduced license is \$5. The applicant must present proof of their rank or award by providing their certification letter, wallet card, or award certificate at any Department office, and complete the High Achievement Scout License application (Form 306, available on the Department website or at any Department office). This license is not available through the draw. At the age of 21, an Eagle Scout or Gold Award recipient is no longer eligible for the High Achievement Scout License license, and from that point forward would be required to purchase an adult license.

Lost License or Tag Replacement

Lost licenses, hunt permit-tags, and nonpermit-tags may be replaced for a \$4 fee at any Arizona Game and Fish Department license dealer. Licenses purchased online can be reprinted for free. Duplicate licenses can be purchased online. Consult R12-4-103 Duplicate Tags and Licenses for additional information. Stamps cannot be replaced, they must be repurchased.

Physically Challenged Hunters

Those hunters who are physically challenged may qualify for a Challenged Hunter Access/Mobility Permit (CHAMP). Consult R12-4-217 for information about this permit (page 123 of the 2014-15 Arizona Hunting Regulations). Contact any Arizona Game and Fish Department office for additional information and application.

Non-US Citizens Wanting to Hunt in Arizona

Pursuant to regulations by the U.S. Bureau of Alcohol, Tobacco and Firearms (ATF), non-immigrant aliens who want to temporarily

License Information

import firearms and/or ammunition into the United States for the allowable purpose of taking wildlife will need an ATF import permit and valid hunting license in possession at the time of entry/import into the United States. For further information or to make application for the import permit, contact ATF's Firearms and Explosives Import Branch at (304) 616-4550, or download an application from the ATF website at www.atf.gov.

Tag Transfers

Should you be unable to use your big game permit, the Department is unable to reimburse you for your fees or reinstate your bonus points. However, under Arizona Revised Statutes and Arizona Game and Fish Commission Rules there are ways people can transfer big game tags. A \$4 transfer fee applies, unless donating to a non-profit organization. The commission may prescribe the manner and conditions of transferring and using permits and tags under this paragraph, including an application process for a qualified organization, to allow a person to transfer the person's big game permit or tag to a qualified organization for use by:

- A minor child who has a life-threatening medical condition or by a minor child who has a permanent physical disability. If a child with a physical disability is under fourteen years of age, the child must satisfactorily complete the Arizona hunter education course or another comparable hunter education course that is approved by the director.
- a veteran of the armed forces of the United States who has a service-connected disability. For the purposes of this paragraph "disability" means a permanent physical impairment that substantially limits one or more major life activities requiring the assistance of another person or a mechanical device for physical mobility. "Qualified organization" means a nonprofit organization that is qualified under section 501(c)(3) of the United States internal revenue code and that affords opportunities and experiences to children with life-threatening medical conditions or with physical disabilities or to veterans with service-connected disabilities.

A parent, grandparent or legal guardian may allow the parent's, grandparent's or guardian's minor child or minor grandchild to use the parent's, grandparent's or guardian's big game permit or tag to take big game pursuant to the following requirements:

- The parent, grandparent or guardian must transfer the permit or tag to the child in a manner prescribed by the commission.
- The parent or guardian must accompany the child in the field or, if a grandparent allows a minor grandchild to use the grandparent's permit or tag, the grandparent, the parent or the child's guardian must accompany the child in the field.
- The child must possess a valid hunting license and, if under fourteen years of age, must satisfactorily complete the Arizona hunter education course or another comparable hunter education course that is approved by the director.
- Any big game that is taken counts toward the child's bag limit. Once a tag is transferred at a Department office, the original permittee may no longer use it.

Visit www.azgfd.gov to find a list of organizations you can donate your tag to.

Thank You Hunters and Recreational Shooters

Arizona's rich outdoor heritage is enjoyed by all – thanks to hunters like you, whose purchase of hunting and recreational shooting equipment supports wildlife management and habitat enhancement in the Grand Canyon State. When you purchase a rifle, ammunition, archery equipment, and other sporting gear, you pay a federal excise tax and import duties.

Since 1937, this money has been col-

lected by the federal government and redistributed to the states using a formula based on hunting license sales and the

state's land area. In 2014, that means more than \$19 million for game management in Arizona. This money pays for game surveys, hunter education classes, wildlife water catchment construction, wildlife research and shooting range development and operations, among other projects.

Hunters like you are part of the largest and most successful wildlife conservation programs in the world...thank you.

Draw Information

The Draw

When the number of hunt permits for a species in a particular area must be limited to prevent over-harvest of wildlife, the Commission Order governing seasons for that species assigns a hunt number to a designated area, and a hunt permit-tag is required to take that species in that area. Hunt permit-tags are issued through a computerized random drawing. Big game tags not issued through the drawing process are nonpermit-tags.

Qualifications

Individuals wishing to participate in a drawing or to obtain bonus points must apply online or in writing using the Hunt Permit-tag Application Form, and submit the form by the deadline specified in the Hunt Permit-tag Application Schedule found in the current year's hunt regulations (page 7).

An applicant must possess a license (including lifetime, pioneer or disabled veteran's) that is valid on the last day of the application deadline for that draw. **Youth applying for big game hunts must be licensed.** If an applicant does not have a license that meets that requirement, he or she must purchase the license at the time of application. An applicant must submit the information and fees required for a license on **each** paper application submitted. Only one license will be issued. License refunds will be made for additional applications. Licenses will not be issued until the draw occurs.

Applying for a Hunt

The online application service will be available early to mid-September please see page 10 or visit azgfd.gov/draw for more information.

Paper applications for hunt permit-tags must be made on Hunt Permit-tag Application Forms available at Department offices, website, and license dealers. Please use the current year's application form, that is **WHITE** in color. **Do not cut or alter application form.** Applications not prepared in a legible manner may be deemed not valid and shall be rejected as specified in R12-4-104(O). Use standard blue or black ink (no gel ink).

No more than four people may apply on one application in one envelope. All applicants in a group must apply for the same hunt number(s) and in the same order of preference on the same form.

No person, including Youth, may submit more than one valid application per genus of wildlife in any calendar year, except as specified in R12-4-104(L), when genera are drawn in multiple drawings; however the annual bag limit still applies.

Each applicant shall complete only one block per application.

No more than one genus may be included on each Hunt Permit-tag Application Form. **Use a separate form, payment and envelope for each genus of wildlife you wish to hunt. More than one (1) application in an envelope may result in rejection of all applications.** You can list a general hunt as your first choice and another weapon type hunt for the same genus as another choice on the same application—just be sure they are in the same numerical series. Use only one application per genus, even if you are mixing weapon choices.

Hunt Permit, Bonus Points Disclaimer

The issuance of any big game permit has no express or implied guarantee or warranty of hunter success. Any person holding a valid permit assumes the risk that circumstances beyond the control of the Arizona Game and Fish Department may prevent the permit holder from using the permit. In such situations, the Arizona Game and Fish Department disclaims any responsibility to reissue or replace a permit, to reinstate bonus points or to refund any fees, except under specific circumstances, such as activation of military or emergency personnel, as stated in R12-4-107(L).

Fees

Information about fees associated with the online draw process may be found on page 10.

When submitting paper applications, each applicant shall enclose the following fees:

1. The fee for the appropriate hunt permit-tag, which includes the permit application fee.

3. **Discounted hunt permit-tag fees are for "Youth-Only" designated hunts. A youth must pay the higher fee unless applying only for "Youth-Only" hunts.**

Each payment enclosed with a hunt permit-tag application shall be made by certified check, cashier's check, money order, or personal check or draft payable to the Arizona Game and Fish Department. Cash will not be accepted and will result in rejection.

One personal check or money order can cover all fees for each application, or separate checks or money orders may be submitted in one envelope for each individual applicant.

Over-payments and hunt permit-tag fees received with unsuccessful applications will be returned to applicant "A," as shown on the Hunt Permit-tag Application Form. Application and license fees will not be refunded. You will not be issued more than one license and a refund of any remaining fees will be issued.

If you or a member of your group elected to donate your fees or a portion thereof, the donation will not be refunded.

If an application is rejected and a license has been requested, the license will not

be issued. The license fee will be refunded, however, the application fee will not be refunded.

Unsuccessful, valid applications will be awarded bonus points.

Big game hunt permit-tags remaining after the drawing will be issued on a first-come, first-served basis as specified in the Hunt Permit-tag Application Schedule on page 7.

First-come permit-tag results are not posted. If successful, you will receive your tag in the mail within 10-15 business days.

Obtaining a Bonus Point Only

In the event you do not wish to participate in a big game drawing for species offered in this draw, but still wish to accumulate bonus points for these genera, you may "obtain a bonus point."

When completing your application, you must choose the bonus point hunt number established for that genus as your first choice. A bonus point hunt number is established within each applicable Commission Order. If you choose this hunt number, you may not choose any other hunt number on your application. **If the bonus point hunt number is any choice other than the first choice or any other hunt numbers appear on the application, your application will be rejected.** You may obtain only one bonus point per genus per drawing.

To apply for a bonus point only, the individual must be 10 years old by the deadline date as specified in the Hunt Permit-tag Application Schedule on page 7.

To apply for a bonus point only, you must have previously purchased a hunting license or apply for a hunting license through the draw for the year in which the hunt will take place. You must also include the application fee per applicant. If applying for a bonus point, you will not receive a refund on the license fee or the application fee. Do not include the fee for the hunt permit-tag for the genus in which you are applying for the bonus point. **A bonus point costs you only the license fee (if needed) and the application fee per applicant. See page 6 for license fees.**

If applying for more than one species for bonus points, you must complete a separate application for each species. Only a single application and the correct fees may be included in one envelope.

If you apply for a bonus point only using the established bonus point hunt number, you may **NOT** submit another application for the same genus. To do so will cause both applications to be rejected as duplicate applications.

All applicants in a group must apply for the same established bonus point hunt number. The application will not be included in the random number drawing and the individual(s) on the application will each receive a bonus point for that genus.

How to Apply for the Draw

The online application will be available early to mid-September

How to Submit an Online Application

You will be able to apply for big game hunts and bonus points online at www.azgfd.gov prior to the deadline. There are many advantages in submitting an online application. By using the online method, you can meet deadlines without mailing applications or traveling to a Department office to drop off applications. The possibility of your application being rejected is drastically reduced due to the fact that the online application program will prompt you to accurately complete your application.

Additionally, at the time of application you will only have to pay for the application fee, the license fee (if you do not possess a license that is valid on the last day of the application deadline for that draw) and any donations you might wish to make to the Big Game Habitat Fund. If you purchase a hunting or fishing license online, **you must print the license from your home printer.** The Arizona Game and Fish Department will not mail your license to you. Hunt permit-tag fees will be charged after the drawing is completed only if you are successful in the draw. This eliminates the requirement to pay your tag fees in advance and/or issue a refund if you are not successful in the draw. Costs are identical to the paper application process. No additional fees are charged for using the online application.

If you are applying for a bonus point, you are charged only the application fee and the license fee (if needed). When applying for a hunt, you must have a license valid through deadline day of that draw. If drawn for a hunt permit-tag, you must also have a valid license at the time of the hunt. A valid credit or debit card (Visa or MasterCard) must be used when applying online.

Please be aware that if you are successful in the draw and the credit or

debit card used for the application is not approved for the amount of the required fees for the tag payment after the draw, your application may be rejected. Once the draw takes place, and IF you are successfully drawn, the Department will charge the credit or debit card you have on file for the permit fee. If payment fails, the Department will make three attempts within two business days to contact you and notify you that payment has been declined. You will then be afforded a means of providing alternative payment within a specified timeframe. If the Department has not received an alternate payment at the end of that specified timeframe, applicants will be rejected. No exceptions will be made for individuals who do not respond to the Department's attempts to contact them. Deadline for updating credit or debit card information online is 11:59 p.m. (MST) Sunday, Oct. 26, 2014.

Applicants are encouraged to keep their credit or debit card information up to date, if your card becomes invalid for any reason before the credit card update deadline, update your information online for each species you applied for by selecting the "update my payment information" option and providing the required information. Please note that the Department is not responsible for any over draft charge incurred due to insufficient funds.

To apply online, simply log on to the Arizona Game and Fish Department Web site at azgfd.gov, place the cursor on "Big Game Draw" located on the green bar on the main Web page and follow the step-by-step instructions. You will have 45 minutes to complete your online application. We recommend you have your hunter list and hunt choices completed with all the required information for each hunter prior to logging on to apply.

Completing Your Paper Hunt Permit-tag Application Form

If you choose not to participate in the online application, you must correctly fill out and sign a paper hunt permit-tag application form and submit it by mail or drop it off to any of the seven Arizona Game and Fish Department offices along with a check or money order for the correct amount. Paper application forms are available at all Department offices, more than 300 license dealers statewide, and as a downloadable PDF electronic document from the Department's website at www.azgfd.gov/draw. A list of dealers can be found on the Department's website. The PDF form can be printed from your computer and then filled out using an ink pen. Once the form has been correctly filled out, it must be signed and submitted by mail or dropped off at any Department office along with a check or money order for the correct amount.

R12-4-104 and R12-4-114 explain application and drawing procedures in detail. Complete and proper preparation of an application is the sole responsibility of the applicant. If any applicant in the group fails to complete any required portion of the application, all applicants in the group will be rejected.

Numbered paragraphs correspond to numbers

circled on the SAMPLE form. Use it to assist you in completing your form, which can be found online, at any license dealer or Department office.

1 Enter the hunt number(s) of the hunt(s) in which you wish to participate. The hunt number will indicate the genus (deer, turkey, etc.) and area you want to hunt. **Do not use the Game Management Unit Number.** Hunt numbers are listed in the far left column of each Commission Order. Deer hunts are in the 1000 series, turkey hunts are in the 4000 series, etc. All hunt numbers on an application must be in the same series. **YOU CANNOT MIX HUNT SERIES NUMBERS, BUT YOU CAN MIX WEAPON TYPES WITHIN A SERIES.** You must submit a separate application for each genus (series). No more than five hunt choices can be requested. You may request fewer. You do not have to fill in all the blocks. You may only apply for either a bonus point or a valid hunt number for any genus, NOT both.

2 Enter your correct date of birth (mm/dd/yyyy).

3 Enter your Social Security Number. In accordance with Federal Requirement, 42 U.S.C. Section 666 (A)(13) and A.R.S. 25-320 (P) and 25-502 (K),

all applicants – including youth – **must** provide their valid Social Security Number in the space provided. This is kept on file with the Arizona Department of Economic Security for use in identifying and tracking child support offenders. Any invalid SSN will result in rejection of the application. If you are not a U.S. citizen you must write "NOT US CITIZ" in the Social Security field. If you are not a U.S. citizen, you must obtain a Department I.D. Number prior to submitting and enter it on the application. See #6. You may obtain a Department issued ID number by calling (602) 942-3000 during business hours.

4 Check the appropriate resident or non-resident box. "Resident" means a person who is domiciled (claims the state of Arizona as their true, fixed and permanent home and principal residence) in this state for six months immediately preceding the date of application for a license, permit, tag, or stamp and does not claim residency for any purpose in another state or jurisdiction; or is a member of the armed forces of the United States who is on active duty and stationed in this state for either permanent or temporary duty; or is a member of the armed forces of the United States on active duty sta-

tioned in another state or country but who lists this state as their home of record at the time of applying for a license, permit, tag, or stamp.

5 Enter your Arizona hunting license number that will be valid on deadline day for the hunt in which you are applying. The hunting license number consists of two letters and six numbers. You may purchase a license through the draw by completing the License Application Form at the bottom of the application and submitting payment with each of your applications if you are not licensed.

6 Enter your Department I.D. Number (formerly called Sportsman I.D.). This number is for those individuals who choose to use a Department issued I.D. Number instead of a social security number to track bonus points or for non-U.S. citizens. This is a permanent number and is to be used on all hunt applications. Your I.D. Number (if different from SSN) is vital to track your bonus points and to ensure that you receive the proper credits. Using a different number may result in your not receiving proper bonus point credits. An I.D. Number may be obtained by calling the Department. You **must** still provide a valid SSN even if you provide a valid Department I.D. Number. See #3.

7 Enter your correct full name (last name first), your P.O. Box or home mailing address, city, state and zip code.

8 Please list a telephone number where you can be reached.

9 Each individual applying, or an appointed individual, must sign the appropriate application section.

COMPLETE 10-16 ONLY IF APPLYING FOR A LICENSE.

10 Enter M for Male, F for Female.

11 Enter your weight in pounds.

12 Enter your height in feet and inches.

16 Check the box next to the license type which you wish to purchase. If you are requesting a license on more than one application, you must specify the same type of license on each application and include the license fee with each application. You will not be issued or charged for

more than one license. You must possess a license that is valid on the last day of the application deadline for that draw. If you do not have a license that meets that requirement, you must complete the License Application Form for each genus applied for and include payment for a license with each application. If you are drawn for more than one genus, only one license will be issued in your name. If you are not drawn, you will be refunded only the hunt permit-tag fee. You must possess or obtain a license to participate in a drawing or to purchase a bonus point. No refunds will be issued for license or application fees if you apply in a drawing and are unsuccessful in the drawing. **If you do not check the box next to the license type you wish to purchase, your application will be rejected. See page 6 for fee information.**

HOUSE ROCK BUFFALO HUNT SPECIAL NOTE: During the House Rock herd hunts, a significant portion of the herd has in the past moved to the Grand Canyon National Park where hunting is not allowed. Hunters are advised that if this occurs, their ability to successfully harvest a buffalo may be significantly impacted. As with any hunt, circumstances beyond the control of the Arizona Game and Fish Department may prevent the permit holder from being successful. The Arizona Game and Fish Department and Commission disclaims any responsibility to reissue or replace a permit, to reinstate bonus points, to refund any fees, or to provide any other form of relief. The House Rock buffalo hunt is considered to be one of the most difficult hunts in the state. Buffalo can be difficult to locate. Plan on spending the entire season hunting as an abbreviated hunt will lower your chances of success. Buffalo hunters must dress and care for their own animals; the Department will not assist. Take time to improve your physical condition. Hunters are often required to walk considerable distances (up to 8 miles) every day over rugged terrain. House Rock hunters should be prepared for remote and primitive conditions. High clearance or four-wheel drive vehicles are recommended. Some portions of House Rock herd area are included in the U.S. Forest Service wilderness system that does not preclude hunter access but does limit their means of transportation and equipment usage. Hunts occurring later in the fall may be affected by snow making access more difficult. Hunters should be prepared for severe winter conditions and low availability of buffalo. For more information, call the Flagstaff Regional Office at 928-774-5045.

Wolf or Coyote?

Know the Differences

USFWS

AGFD

An important step in accomplishing reintroduction of the Mexican wolf is to reduce inadvertent illegal shooting of this subspecies. To date, some of these wolves have been shot, and it is probable that some of these shootings were cases of mistaken identity, where the shooter believed the target was a coyote. It may be difficult to distinguish wolves from coyotes, especially when the sighting is brief, the animal is far away, the wolf is a juvenile, or the wolf is in its summer coat. Coyote hunters should exercise extra caution from July to November because wolf pups are active, and their appearance and behavior make them appear like coyotes. You are responsible for identifying your target before shooting.

If you are hunting in or near Unit 1 or 27, or near the United States/Mexico border east of Nogales, please be aware that Mexican wolves may be present. Mexican wolves are protected under the Endangered Species Act. Take, which means “to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct,” is generally unlawful, and may subject you to federal and state prosecution. Criminal penalties may include imprisonment of not more than one year and a fine of up to \$50,000 and/or a civil penalty of up to \$25,000.

KNOW THE DIFFERENCES

Know the Differences

Mexican Wolf (*Canis lupus baileyi*)

- Nose is broad and blocky
- Ears are more rounded and relatively short
- Fur color is very similar to coyotes: grizzled gray, black, rust or buff; not all white or all black
- Legs are longer, giving wolves a more lanky appearance; feet are larger
- Weighs 50–80 pounds
- Sometimes displays curious behavior and may not flee as quickly
- Not all wolves have radio collars
- Front paw is 4 1/2 inches long by 3 1/2 inches wide

Description: Smaller than a northern gray wolf but larger than a coyote. Adults are 70–80 pounds and 30 inches at the shoulder. Adults are 5–5.5 feet long, including a 14- to 17-inch tail. Males are larger than females. Head and feet are large in proportion to body. Small, erect ears with wide tufts of hair that grow out and down are one of the Mexican wolf's most distinctive features. Body color is often mottled or patchy, varying from gray and black to brown and buff.

Habitat: Mid- to high-elevation woodlands, including oak, pinyon pine, juniper, ponderosa pine and mixed conifer forests. Almost all historical records of Mexican wolves in Arizona occurred above 4,500 feet in elevation. Habitat must contain large ungulate prey animals for wolves to thrive.

Coyote (*Canis latrans*)

- Nose is slender and pointed
- Ears are prominent, pointed and relatively long
- Fur color is very similar to wolves: grizzled gray, rust or buff; rarely white or black
- Legs and feet are smaller, more delicate
- Weighs 20–35 pounds
- Usually displays skittish behavior, tends to flee immediately
- Front paw is 2 1/2 inches long by 2 inches wide

Description: Coyotes are on the small side, weighing less than 35 pounds. An adult measures about 21 inches tall at the shoulder, with a total length of up to 49 inches. The coyote looks much like a shepherd dog, the pelage being rather long, heavy and often presenting a shaggy or grizzled appearance. The fur is reddish or tawny gray, sometimes tipped with black. The tail is large and very bushy. Ears are upright, and the slender muzzle is sharply pointed. Seasonal color variation is considerable among coyotes, and immature pelage is grayer and duller than that of an adult.

Habitat: All habitats are occupied, from low desert to montane forest and woodland, but the coyote tends to avoid thickly forested, high elevation areas.
